Dear Mr. Phillips,

The Marquette Neighborhood Association Board respectfully requests that that resurfacing of Williamson Street scheduled for 2010 be postponed at least until 2011.

**Lindsey Lee**

**David Hecht**

The board is concerned about the negative impact of our local businesses during an already stressful economic time. We would like traffic planning currently underway in the neighborhood to be incorporated into street improvements. We are also working on recommendations to preserve the urban forest by avoiding construction damage to our street trees.

**Deb Hanrahan**

**Mariah Miller**

**Troy Pickl**

We are aware that the city has goals for replacing lead water mains. The board requests that the city to work with the Wisconsin Department of Natural Resources (DNR) to delay the water main replacements along Williamson Street. We are aware that the DNR is open to discussion and would like to see that pursued.

**Amanda Schwoegler**

Sincerely,

**Julie Spears**
